Thank you to everyone who supported me during this month of learning and discovery. I am very grateful for the time you gave me to teach me new things, and for your patience and kindness.

Special Thanks to:

Chen Roy, Peng Jing and He Weijie, those who were my mentors in this incredible adventure.

Mr. Leo, who gave us incredible tours of Chongqing and showed us great kindness.

Julia, Mr. Su and Inventec for this amazing invitation.

A large red semi-circle is positioned at the top of the slide, with its flat edge facing downwards, creating a white semi-circular area in the center.

Thank You
